Letter From the Sheriff

Sheriff Robert P. Mosier

As we look back on another year of service, I am both amazed and humbled by the deputies that wear the badge every day and our civilian personnel who equally serve with passion. I am encouraged by their dedication and commitment to improving our community.

I am reminded every day of the hardships experienced by our residents whom we are called to protect and serve. We are effective because of the relationships we have built and continue to build with our community and I am grateful for the outpouring of support we receive from the people who live, work, and visit this great county.

As we continue to learn and grow, I am thrilled to see relationships thrive with community stakeholders and surrounding law enforcement organizations throughout the region. These relationships will continue to enhance our ability to ensure school safety, combat the opioid crisis and provide awareness about the evils of sex-trafficking.

In the summer of 2018, we hosted an on-site assessment with the Virginia Law Enforcement Professional Standards Commission (VLEPSC). As part of this voluntary process, our sheriff's office's staff, facilities, and policies were evaluated on our compliance with over 190 different standards and best practices. As a result, we were awarded initial Law Enforcement Accreditation, with no waivers and no files needing either minor or major repair for over 700 proofs of compliance, which is the highest level bestowed to a law enforcement organization. This accomplishment marked our induction into a professional law enforcement organization in the top 25% of law enforcement agencies in the Commonwealth of Virginia.

Throughout the year your sheriff's office has been involved in community events, town halls, neighborhood and civic association meetings intended to continue the development and nurture healthy communications between your sheriff's office and the people we serve. Through community feedback and ongoing specialized training, your sheriff's office continues to evolve in providing the utmost in law enforcement services in a modern and rapidly-changing environment. This is a continual process and our current standing as a leader in community-minded law enforcement is a culmination of almost 260 years of progress. As we continue forward and look to the future, it is with great pleasure that I present this Annual Report to you as our symbolic pledge to uphold our core values – Honor, Professionalism, Compassion and Accountability.

Sheriff Robert P. Mosier

In Memory of Our Fallen

Sergeant Charles Ebert Murray, Jr.

End of Watch: Monday, July 9, 1990

Sergeant Charles Murray was killed when his unmarked patrol car was struck by an Amtrak passenger train at an ungated crossing on Eustace Rd. He was enroute to serve a warrant at the time of the crash. Sergeant Murray had served with the Fauquier County Sheriff's Office for 10 years. He was survived by his wife, parents, and sister.

Deputy Sheriff John Henry Walter

End of Watch: Wednesday, July 5, 1972

Deputy Sheriff John Henry Walter was killed in an automobile accident while enroute to Richmond, Virginia, with another deputy. The other deputy attempted to pass a vehicle on Route 17 and struck another vehicle head-on, killing Deputy Walter instantly. The deputy's vision was obstructed at the time because of heavy rain.

Sergeant John Holcombe Woodson

End of Watch: Monday, August 5, 1946

Sergeant John Holcombe Woodson was shot and killed in Catlett, Virginia, as he and another railroad detective approached a man to question him about freight thefts. Before the detectives even spoke to the man, he produced a .22 caliber handgun and opened fire. One of the shots struck Sergeant Woodson in the neck, mortally wounding him. He was transported to Warrenton Hospital where he succumbed to the wound. The suspect fled but was later arrested. He was subsequently convicted of murder and executed. Sergeant Woodson had served with the Southern Railroad Police Department for 31 years. He was survived by his wife.

In Memory of Our Fallen

The Fauquier County Sheriff's Office had the honor of hosting the Annual Memorial Service on May 15, 2018 recognizing fallen local law enforcement officers. Members from the Fauquier County Sheriff's Office , Warrenton Police Department, and Fauquier Board of Supervisors gathered to remember the services of those fallen, and extend gratitude to their families.

Accreditation

What is Accreditation?

An accredited agency is distinguished as an agency that follows an established set of professional standards and guidelines which measure performance in their service to the community, the criminal justice industry and their agency personnel. It is a process of adopting and following the best practices in service that can be provided.

After taking office as the 60th Sheriff of Fauquier County, Sheriff Bob Mosier signed on to the Virginia Law Enforcement Professional Standards Commission (VLEPSC) in January 2016 to become an applicant agency and begin the self-assessment phase. In just over two years, the Fauquier County Sheriff's Office underwent a final assessment. For three days in June 2019 law enforcement assessors from the VLEPSC commission inspected every aspect of the Sheriff's Office operations. After reviewing the VLSPSC established 190 standards and over 700 individual FCSO provided proofs of compliance for those standards, the Fauquier County Sheriff's Office passed with a perfect score! There were no waivers to any of the 190 standards provided by the commission and no minor and no major discrepancies found during the assessment. The Fauquier County Sheriff's Office was awarded initial accreditation at the Commission meeting in Fairfax, VA on August 9, 2018.

Fauquier County Sheriff's Office is proud to meet the accreditation standards which will ensure the professional services we provide are defined and uniform and streamlines operations, providing a more effective deployment of agency resources.

Adult Detention Center

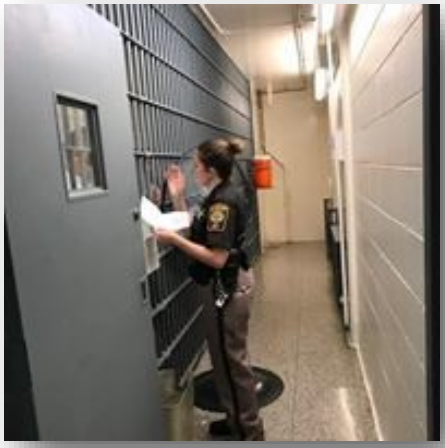
Captain Mark Lavoie

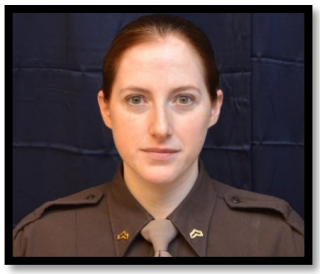
The Fauquier County Adult Detention Center (ADC) is responsible for the safe and secure housing of all individuals incarcerated by the respective courts of Fauquier County. The facility had an average daily population of 80, during the 2018 calendar year. We remain affiliated with the Northwestern Regional Adult Detention Center in Winchester, VA, where local inmates are also housed to decrease overcrowding.

ADC Highlights:

- Recovery Behind Walls
- Electronic Commissary Deposits
- *"Homewav"* Electronic Video Visitation.

Fauquier County Sheriff's Office is proud to partner with *Spiritworks* to provide a peer to peer based rehabilitation program called "Recovery Behind the Walls." This program focuses on intense education and group support to individuals battling addiction of all kinds, along with peer to peer counseling by recovering addicts who are certified by the Department of Behavioral Health and Development Services.





Corporal Kristin Nicholas

Law Enforcement Officer of the Year
Warrenton Ruritan Club

Electronic Commissary deposits, and the "*Homewav*" Electronic Video Visitation system, were put in place in 2018. The "*Homewav"* system allows inmates and their family and friends to visit either on–site, or remotely by using secure electronic means. This service is not only a convenience to the inmate population, but is cost-effective where personnel were traditionally committed to in-person, or non-contact visitations. Expenses for the use of equipment, and calls received and sent are at the expense of the inmate, not Fauquier County tax payers.

Captain Mike Miller

Courts & Civil Highlights:

- 28 "Wanted Person of the Week" Apprehended
- 17 "10 Most Wanted" Apprehended

Court Security deputies provided security screenings to 194,451 people entering the court houses while managing operations related to Grand Jury, Special Grand Jury, and Jury Trials. Deputies supervised movements of 1,687 inmates for court appearances. Deputies fingerprinted 227 defendants and collected DNA samples of 7 defendants.

Civil Process also does Public Fingerprinting. Last year in 2018 1,182 prints were taken by request.

Deputy First Class

School Resource Officers (SRO)

The School Resource Officer (SRO) Unit in Fauquier County was established in 1994 with the first two deputies being placed in the two existing high schools. The program was well received and has now expanded to eleven deputies assigned to all three high schools, all middle schools, and two elementary schools.

The SRO program is a community policing based approach practiced in the school environment. They are more than law enforcement on campus, they fulfill many roles within the school community.

SRO Highlights:

- Unsung Hero Award given to MDS Meyer at the Torch Run for Special Olympics
- "The Rising Tide Award" awarded for the first time to someone outside the school system.

The SRO acts as a law related presenter. The SRO shares law enforcement expertise through presentations in the classroom to promote a better understanding of our laws and legal system. All SRO's in Fauquier County have been certified to teach by the Department of Criminal Justice Services. The SRO also provides legal resource guidance to students, parents, teachers, staff, and acts as a link to support services both inside and outside the schools.

If you ask an SRO, they will tell you the most rewarding part of their job is interacting with the students on a daily basis. When the students get to know and trust the SRO, that partnership is what makes the SRO program work.
