40 Culpeper St.
Warrenton, Virginia 20186

Dear Ms. Cook;

This office does not recommend any changes at the Hunter's Head Restaurant, which would increase the restaurants daily water usage flow rate. The testing and reporting of tests results as required by the conditional permit have not been properly complied with. The restaurant management is in the process of resolving this matter, but as of yet has not done so.

Please feel free to contact me at 540-347-6370 should you have any questions.

Sincerely,

Ronald K. Bryant
Environmental Health Specialist
