SCHEDULED CONSTRUCTION AND MAINTENANCE WORK ***CULPEPER DISTRICT: Nov. 16 - 20, 2009***

CULPEPER — The following highway work is scheduled, weather permitting, in the Culpeper District during the upcoming week. Traffic movements may be restricted and speed limits reduced in work zones. *Items in italics contain new or updated information.*

Albemarle County

Route 743 – Advance Mills bridge. Closed at South Fork Rivanna River for replacement of the truss bridge. Detour route is posted.

Route 614 bridge over Moormans River- Roadway closure for bridge replacement from Route 810 to Route 674. Motorists should expect signs advising of detour and the traffic pattern changes as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Route 616 bridge on Black Cat Road – Bridge weight limit reduced to 3 tons. Motorist should expect signs advising of lane closures, detours and traffic pattern as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Culpeper County

Route 229 from Duke Street to Route 684- Widening from two lanes to four lanes. Motorists should be alert for signs and traffic controls as they approach the work zone. Lane closures possible.

Route 3 from milepost 7.44 to 7.40 – Paving operation. Traffic will be restricted through the work zone, motorists should be alert for equipment and workers near the travel lane.

Route 15/Bus 29 at Route 666 – Paving operation. Traffic will be restricted through the work zone, motorists should be alert for equipment and workers near the travel lane

Fauquier County

Interstate 66 (milepost 26 to 20 westbound) – Guardrail replacement and shoulder improvements, 7 a.m. to 3 p.m., Monday through Friday. Alternating left and right lane closures, motorists should expect congestion and brief delays. Motorists should be alert for signs and traffic controls as they approach the work zone.

Route 605 (Dumfries Road) – Roadway improvements. Traffic pattern has changed westbound between Mill Run Road and Graves Mill Road. Lane closures and delays expected between 7 a.m. and 5 p.m. Motorists should be alert for signs and traffic controls as they approach the work zone.

Interstate 66 (milepost 27) bridge over Route 721 – Lane closures expected east and westbound. Motorists should expect signs advising of detour and the traffic pattern changes as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Route 211/Bus 15(Blackwell Road) at Walker Drive/North Hill Drive – New traffic signal. Motorist should be alert for new traffic pattern.

Route 17 from Railroad tracks to Route 840 - Paving operation. Traffic will be restricted through the work zone, motorists should be alert for equipment and workers near the travel lane.

Route 675 (Kelly Road) bridge over South Run – Closed for 8 weeks due to replacement of the bridge. Detour route is posted.

Louisa County

Route 33 from intersection of Route 15 to Route 22 – Paving during daylight hours. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Orange

Route 643 - Milling and paving during daylight hours. Traffic will be controlled by flaggers and pilot truck. Motorists should expect delays and be alert for signs and traffic controls as they approach the work zone.

Route 20 from Orange town limits east to Route 600 –
