# 2018-2019 FAUQUIER COUNTY COMMUNITY RESOURCE GUIDE

PRODUCED BY THE PARTNERSHIP FOR COMMUNITY RESOURCES AND PIEDMONT PUBLISHING GROUP

## A VALUABLE RESOURCE

Welcome to the ninth annual edition of the free Fauquier County Community Resource Guide. The Guide provides a service to the community with a wide range of the health and human services that provide a “safety net” for the citizens of our county. For the second year, the Guide includes a Spanish-language section. The printed version of this free Guide is available throughout the county at sites listed in the Guide and the online version is available at [www.fauquierresources.com](http://www.fauquierresources.com).

Once again, we thank the Piedmont Publishing Group whose commitment to community service and expert professional production make it possible to provide this valuable Guide at no cost to the community. The free listings in this guide are for organizations providing health and human services. We extend a big thank you to those companies and organizations that purchase ads in the Guide.

PCR is an informal group of staff and volunteers from numerous nonprofit, government, and for-profit human services agencies in and near Fauquier County. Our mission is “to strengthen, support, raise public awareness, and enhance collaboration and communication between...agencies concerning the health and human service needs of our community.”

On the first Friday of the month, we meet at 10:00 a.m. in the Sycamore Room of Fauquier Hospital. Meeting participants briefly share information about their own agencies (services offered, coming events, needs, etc.), followed by a presentation from one of these organizations highlighting specific community needs and services. Anyone providing services such as those listed in the Guide is invited to attend these PCR meetings.

For more information on PCR email [pcrfauquier@gmail.com](mailto:pcrfauquier@gmail.com) or visit their Facebook group page.

540-675-1211

[www.blueridgetutor.com](http://www.blueridgetutor.com), [carolyn@blueridgetutor.com](mailto:carolyn@blueridgetutor.com)

Blue Ridge Tutor is a reading specialist and academic coach. Reading problems either occur in decoding (the ability to read words) or comprehension (the ability to understand meaning). As a reading specialist, I remediate both. Academic coaching becomes more significant in middle school. Just like learning a new sport, academic success requires learning the subskills of the process and then putting them together. Examples of sub skills are writing skills, organizing time and paper, learning to support and communicate ideas, and math foundations.

The primary purpose of the Fauquier County Parent Resource Center (PRC) is to help families of children accessing special education services get connected with the information and resources they need. Resources are also available to assist teachers and staff. A Parent coordinator is available for consultation and to refer parents to a variety of resources. We strive to be a partner in education helping to support collaboration between parents, schools and the community. Advocacy training and information, parent workshops

and a lending library are core PRC offerings. Staff Hours: Monday and Wednesday from 10:00am through 2:00pm - other hours by appointment. Office is located in the Central Complex on Shirley Avenue.

## HOME HEALTH PROVIDERS

When an individual is stricken with a debilitating disease such as dementia or cancer, families may need in-home assistance. In some cases, a doctor may write a prescription qualifying a patient for in-home medical visits. In other cases, families may turn to a non-medical personal care agency, or to a company that provides both. This section lists organizations working to meet the wide range of home health services.

## Medicare

Medicare is a federal health insurance program for people age 65 or older, or those younger than 65 with certain disabilities (permanent kidney failure requiring dialysis or a kidney transplant), or ALS. To sign up for Medicare Part A and Part B you must contact the Social Security Administration. Once you have enrolled in Medicare Part A and/or Part B and have Medicare related issues, including signing up for or changing your benefits (Part C or Part D), contact Rappahannock Rapidan Community Services at 540-825-3100. Certified VICAP counselors will provide you FREE and confidential assistance to help you understand all Medicare offerings including Part A (hospital insurance), B (medical insurance), C (private insurance options), D (prescription coverage), and supplemental plans. Open enrollment for your Part D and C plans is from October 15 through December 7, every year. With recent changes in healthcare regulations, it is important to know what, if any, parts of your coverage may be affected. For a free complete guide regarding Medicare options and coverage visit [www.medicare.gov](http://www.medicare.gov) or call 1-800-633-4227.

## FAUQUIER COUNTY DEPARTMENT OF SOCIAL SERVICES (DSS)

### Fauquier Department of Social Services

540-422-8400

320 Hospital Drive, Suite 11, Alice Jane Childs Building, Warrenton

[www.fauquiercounty.gov/government/departments/socialservices](http://www.fauquiercounty.gov/government/departments/socialservices)

Fauquier County Department of Social Services, (FCDSS) provides a wide variety of benefits and services. Benefits include Medicaid and SNAP (formerly the Food Stamp Program), Temporary Assistance to Needy Families (TANF), daycare assistance, energy assistance and emergency assistance. Services include protective services to vulnerable adults and children, preventive services to families with children and vulnerable adults and employment services. Application

for benefits is made online at <https://commonhelp.virginia.gov>, or the Fauquier office. Eligibility determination is expedited when application is made online. If you wish to apply at the office, it is recommended that you call first. To qualify for benefit programs and services, you will be asked to verify such matters as residency, income and expenses, resources such as bank accounts, insurance, motor vehicles owned, etc. Hours: Monday through Friday, 8:00 am-4:30 pm. Please call to schedule. To report suspected abuse or neglect of a child under the age of 18, call 800-552-7096 any time or the office 540-422-8400 during office hours. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 888-832-3858 or the office 540-422-8400 during office hours. SNAP (formerly the Food Stamp Program) which helps families buy nutritious food and seeds or plants to grow food. The benefits are distributed to families electronically. To apply for SNAP, go online to <https://commonhelp.virginia.gov>, call the Fauquier Office, or contact the DSS Call Center at 855 635-4370.

### Auxiliary Grants Program

An auxiliary grant from DSS is an income supplement for individuals who receive Supplemental Security Income (SSI) and certain other aged, blind, or disabled individuals who reside in a licensed assisted living facility (ALF) or an approved adult foster care (AFC) home. Payment is issued to an individual monthly, to be used with a designated amount of their monthly income to pay an ALF or AFC maximum monthly rate. This rate is determined by the Virginia General Assembly and is adjusted periodically. Eligibility: Prior to admission to an assisted living facility, an individual must be assessed by an adult services social worker at their local department of social services or another qualified assessor. The individual applying for an auxiliary grant, or the individual's designated representative, should contact an assessor and request the assessment. The department also investigates reports of suspected abuse or neglect of adults with disabilities. See Adult Protective Services in the department listing. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 1-888-832-3858 any time or the office 540-422-8400 during office hours.

### Adult Protective Services (APS)

Anyone living in Fauquier County who is 60 years or older or who is incapacitated and 18 years of age or older may receive protective services if services are needed, which is determined by a DSS social worker investigating reports or suspicions of abuse, neglect, or exploitation. Adult Protective Services are provided regardless of the person's income or financial resources. APS completes investigations in almost every setting including the home, assisted living facilities, nursing facilities and hospitals. APS does not investigate allegations of mistreatment in jails or prisons. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities) or to get more information about adult abuse and neglect, call 888-832-3858 any time or the Fauquier office 540-422-8400 during office hours

### Adult Services

Adult Services coordinates and provides a range of services to maintain safe living conditions for incapacitated or elderly adults. These include assistance with emergencies, home-based companion services, in-home assistance with some activities of daily living, adult foster care and respite care, nursing home preadmission screening for impaired adults, Medicaid community-based care screenings and arrangement of services, help with Assisted Living placement and nursing home placement, and case management for adults who require coordination of services.

### Benefits

Medicaid has several medical assistance programs that pay for health care visits for children and certain adults who are unable to pay for needed services. Covered individuals may be children, pregnant women, people with disabilities or elderly individuals. This

is known as categorical eligibility. There are special provisions and several types of coverage for which you may qualify depending on your income, family size and circumstances. Individuals with severe mental illness may apply for Medicaid through Rappahannock Rapidan Community Services at 540-825-3100 as there are specific screening processes for "GAP" coverage. Call 855-635-4370 for more information. Screening for financial eligibility may include an assessment of both income and resources depending on which of the many Medicaid programs for which you may qualify. To apply for Medicaid, go online to [www.commonhelp.virginia.gov](http://www.commonhelp.virginia.gov), call 855-242-8282, or contact your local agency.

### **Child Care Assistance Program**

This program provides funding to enhance the quality, affordability, and supply of childcare available to Virginia's families. To qualify, you must be a resident of Fauquier County and fall within the income guidelines, and must be working or attending school on a full-time basis. Program goals include providing low-income families with the financial resources to find and afford quality child care for their children, providing childcare to parents trying to achieve independence from public assistance, and promoting parental choice in the selection of child care. It also aims to empower working parents to make their own decisions on the child care that best suits their family's needs and provides consumer education to help parents make informed choices about child care. To apply for child care assistance, go online to <https://commonhelp.virginia.gov> or call the Fauquier office.

### **Child Protective Services**

Virginia statute requires social services departments to investigate all reports of possible child abuse or neglect and to arrange protection for children when protection is needed. The purpose of child protective services intervention is to protect children, to preserve families whenever possible, and to prevent further abuse and neglect. DSS encourages anyone who is aware of possible child abuse or neglect to call the 24-hour child abuse hotline: 800-552-7096 at any time. To get more information about a situation you may be unsure meets the definition of abuse or neglect or to report suspicions of abuse or neglect, call the Fauquier office at 540-422-8400 during office hours. An abused or neglected child is any child under 18 whose parent, or any other person responsible for the care of the child causes or threatens to cause, a physical or mental injury (except for an accident), who fails to provide adequate food, clothing, shelter, medical care, or caring support, who abandons the child, who fails to provide the kind of supervision necessary for a child's age or level of development, or who commits, or allows to be committed, any sexual act involving the child.

### **Children's Services (CSA)**

Services under the CSA may be available to a child who meets at least one of the following descriptions: youth who require private placement for special education, youth who are in foster care or eligible for foster care services, youth who are eligible for services through a Child in Need of Services determination or youth who have significant emotional or behavioral problems and may require services not available from any single agency, require services of multiple agencies, or may be at risk of residential placement. While most of the children who qualify for CSA services are already under the purview of one of the member agencies (Juvenile Court Services, Social Services, Community Services, or the Public Schools) you may call the Children's Services Coordinator at 540-422-8400 to find out if you and your child are eligible for services. Visit [http://www.csa.virginia.gov/html/for\\_parents/for\\_parents.cfm](http://www.csa.virginia.gov/html/for_parents/for_parents.cfm) for more information.

### **Emergency Assistance**

The department provides limited emergency assistance largely to prevent homelessness. Applicants must be Fauquier residents who are ineligible for federal aid such as TANF, have an emergency need

resulting from a recent change in circumstance and meet restrictive income and resource limits. Application can be made by calling 540-422-8400. Visit the website for more information.

### **Energy Assistance Programs**

This program has three parts: fuel assistance, crisis assistance and cooling assistance. Each has different application dates: fuel assistance from the second Tuesday in October through the second Friday in November; crisis assistance (for energy related emergencies) from November 1 through March 15; cooling assistance from June 15 through August 15. In addition, the department can help residents access energy assistance programs operated by utility companies, such as Dominion. To apply for energy assistance, go online to <https://commonhelp.virginia.gov> or call the Fauquier office at 540-422-8414.

### **Family Services and Foster Care Prevention Services**

Family Services are designed to assist children and families resolve crises, connect with necessary and appropriate services, and remain safely together in their own homes whenever possible. The goal is to prevent or eliminate the need for out-of-home placement of children, promote family strength and stability, enhance parental functioning and protect children. Call FCDSS and ask for the Family Services social worker on intake if you, your family or a friend are experiencing difficulties. Call 540-422-8400 during office hours.

### **Foster Care Services**

DSS also provides services to foster children and their foster parents. Foster parents are professional parents who enjoy parenting and are willing to share their home, time, energy and love with children who have special problems. The children range in age from newborn to 18 years. Some have been victimized by abuse or neglect. Some may be physically or mentally challenged; some may have emotional or behavioral problems. Sometimes, as a result of abuse, neglect, abandonment or a death in the family, courts decide that children must be temporarily separated from their families. To find out more about becoming a foster parent, visit <http://www.dss.virginia.gov/family/fc/>. A child's stay in foster care may be as short as overnight or longer depending on the permanency plan for the child. The goal is to reunite the children with their own families. When this is not possible, parental rights may be terminated and adoption becomes the goal for child. Often foster parents are the first choice for the child's adoptive home. In foster care, the department has legal custody of the child and assumes the ultimate responsibility for the child. A family will receive a maintenance payment on behalf of the child to help with expenses while a child is in their home. Children have medical and dental coverage while in foster care.

### **Medicaid for Long-Term Care (LTC)**

LTC Medicaid covers long-term care in a community-based setting for individuals whose mental or physical condition requires nursing supervision and assistance with activities of daily living. Medicaid requires both a functional and financial screening process prior to paying for long-term care services. A preadmission screening is required prior to admission to a nursing facility or waiver service if Medicaid is expected to provide payment. You may call Social Services to request a long-term care screening. Ask for Adult Services. To apply for Medicaid, go online to <https://commonhelp.virginia.gov>, call 855-635-4370, or call the Fauquier office. No interview is required but you will receive assistance in completing an application if you call the toll free number 855-635-4370.

### **Supplemental Nutrition Assistance Program (SNAP)**

SNAP (formerly the Food Stamp Program) helps families buy nutritious food and seeds or plants to grow food. The benefits are distributed to families electronically. To apply for SNAP, go online to <https://commonhelp.virginia.gov> or call the Fauquier office.

## Temporary Assistance for Needy Families (TANF)

TANF provides temporary financial assistance for eligible families with minor children in the home, who are financially needy and meet other requirements as well. An interview is required. TANF payments depend on the size of the family; a family may qualify while receiving income from other sources. Applicants must cooperate in naming the parents of all eligible children and help establish paternity. Some individuals who qualify for TANF may be required to participate in VIEW, the Virginia Initiative for Employment not Welfare. VIEW participants can earn an income in addition to their TANF benefits but the total income may not exceed the federal poverty level for their family size. To apply for TANF go online to <https://commonhelp.virginia.gov> or call the Fauquier office.

## The Work Place - Career Resource Center

The Work Place is open from 10 a.m. until 3 p.m. and is available to all county residents to assist in finding employment. The Work Place is not an employment agency but encourages independent job search with multiple resources at your disposal. Staffed by the department and Literacy Volunteers of Fauquier it offers the following one-stop services free of charge: job postings direct from employers, various Web pages and local papers, assistance with establishing new email accounts and job search Web pages, computer and Internet access, fax and copy machine use, resume and job preparation assistance by appointment (call 540-422-8422), and referral and registration for free computer classes.

To receive help with utilities, it is often necessary for the client to get partial help from several agencies who then work to authorize payment. The client should first call the Fauquier Department of Social Services to get information on the organizations who assist with fuel and utility assistance. If a cut off notice has been issued or a cutoff has occurred, SVDP will only assist if the client has enough help/resources to pay the cutoff amount owed. The St. Vincent de Paul Society (SVDP) helps all people in need who reside in Fauquier County and works closely with other charitable organizations in the county to help the poor. After a short home visit and completion of an application, it offers financial support which is sent directly to the creditor who is owed. The SVDP also has a Food Pantry for those in need. The SVDP Food Pantry is located on the grounds of St. John's Church. The Food Pantry is available by appointment only and is available for use to a family once within a four to six week period.

This is the only emergency shelter in Fauquier County, and can accommodate up to 11 families and eight single adults at any one time. The ground level is accessible to persons with physical disabilities. A trained staff oversees operations 24 hours a day, 7 days a week. An on-site case manager helps formulate and facilitate clients' plans for stable housing after their shelter tenure. In-house support programs include budget management, employment-related programs, life-skills classes, nutrition classes, job search services, parenting classes and children's programs. Referral services to local, state and federal resources are provided to all residents as appropriate.

### **Hope Warming Center of Fauquier**

Rev. Tyrone Green, Pastor of Hearts Delight Baptist Church

202-351-1001

P.O. Box 75, Catlett

Facebook: @HopeWarmingCenterFauquier

The Hope Warming Center of Fauquier was established by three local churches in southern Fauquier (Hearts Delight Baptist Church, Mt. Horeb United Methodist Church, and Zoar Baptist Church) to show the love of Christ by offering shelter for those who need a place to stay overnight when temperatures are 30 degrees and below. Services are offered only from November through March, and the Warming Center works with DSS and the Sheriff's Department to offer services to citizens identified with this particular need. Citizens in need should contact DSS or the Sheriff's Department when they need shelter for the night.
