

January

Employee of the Month

Congratulations to **Debbie Machamer** for being Fauquier County's Employee of the Month for January. Debbie is being recognized for her quest to seek and implement cost savings for the Fauquier County Public Library. Along with improving overall response time to patron requests for materials, her efforts to increase efficiencies between library departments and moving the library to a new in-house labeling system will save the library over \$1000 a year in supply costs.

We appreciate Debbie's efforts and commitment to the Fauquier County Library. We are proud to present her with the Employee of the Month Award for January.
