## About the Warrenton Adult Day Healthcare Center

Licensed for adult day healthcare, the Warrenton ADHC provides a nurturing, safe environment for adults who need help with daily health and personal care activities.

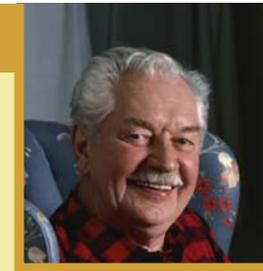

The service offered by the Warrenton ADHC can help you and your loved ones get the most out of life.

- Participants benefit from enjoyable and stimulating programs, social contact and access to special therapies.
- Caregivers benefit by having more time for themselves, the freedom to continue working if they choose, more energy to take care of their loved ones and a chance to network with other caregivers.

## The Warrenton ADHC Offers:

- Care provided by nurses, a therapeutic recreation specialist, and certified aides.
- Social and recreational programs based on each person's interests.
- Health monitoring and medication administration.
- A personalized care plan developed with the participant and family.
- A nutritious lunch and two snacks a day.
- Access to care coordinators and other aging services.
- Information on caregiving and connection with local support networks.

## Who We Serve:

The Warrenton ADHC serves adults 18 and older who meet the admission requirements.

Program staff assess each individual to determine if the Center setting is the best place to meet their needs. When appropriate, Center staff make referrals to other services.

## Other Information

- The Warrenton ADHC accepts Medicaid, private insurance and private pay. Scholarships may also be available.
- Open Monday through Friday.
- Transportation is available in many areas.
