

Previous Hydrogeologic Studies

- **The Bealeton Service District Area**

EGGI, 2011

Delineating a preliminary groundwater protection area for the Bealeton Service District production wells. 12 pp. [hard copy available upon request]

EGGI, 2008

Yield and quality testing of proposed back-up public supply well BEA-B-1. 13 pp. <link, "2008-BRWS-Well B1 - Yield & Quality Testing - Report.pdf" and "2008-BRWS - Well B1 - Yield & Quality Testing - Plate 1.pdf">

EGGI, 2006a

Hydrogeologic investigation community water supply: the estates of Old Marsh, Fauquier County, Virginia. 16 pp. [hard copy available upon request]

EGGI, 2006b

Hydrogeologic investigation community water supply- addendum: the estates of Old Marsh, Fauquier County, Virginia. 16 pp. [hard copy available upon request]

Golder Associates, 2006

Engineering report, community water system: Creekmont Estates and Greenwich Woods subdivision. 7 pp. [hard copy available upon request]

EGGI, 1994

Groundwater resource investigation Bealeton Service District, results of pumping tests on wells B-3, B-4 and MS-5, v. I. 32 pp. <link, "1994-BRWS – Pump Test Results – Vol I – Wells B3 B4 MS5.pdf" and "1994-BRWS-Pump Tests – Plate1-Wells B3 B4.pdf" and "1994-BRWS-Pump Tests – Plate2-Well MS5.pdf" and "1994-BRWS-Pump Tests – Plate3-Influence.pdf">

EGGI, 1994

Groundwater resource investigation Bealeton Service District, results of pumping tests on wells B-3, B-4 and MS-5, v. II. 365 pp. <link, "1994-BRWS – Pump Test Results – Vol II – Wells B3 B4 MS5.pdf">

EGGI, 1993

Production well B-1 report, v. I. 4 pp. <link, "1993-BRWS – Well Report – Well B1.pdf">

- **The Casanova Area**

EGGI, 2000

Preliminary hydrogeologic study transient community water supply groundwater exploration investigation- Poplar Springs property. Prepared for Vince Butler, Butler Brothers Corporation, 11 pp. [hard copy available upon request]

- **The Gold Vein Area**

ENSAT Corporation, 1996

Hydrogeologic report on Black Powder Ridge Subdivision. 8 pp. [hard copy available upon request]

- **The Marshall Service District Area**

EGGI, 2011

Groundwater exploration and development program phase II investigation, the Lane Well-Marshall Service Area. 2 pp. <link, "EG&G GW Exploration Ph2 Investigation-Feb 11.pdf" and "FMS_LaneWell_Figure1.pdf" and "FMS_LaneWell_Figure2.pdf">

EGGI, 2009

Results of phase II- additional geophysical surveys, assessment of the potential availability of groundwater resources within the Leachman property Marshall Service District. 2 pp. <link, "E&GG Leachman Property Hydro Study-Jul 09.pdf">

EGGI, 2008

Results of phase II- geophysical surveys, assessment of the potential availability of groundwater resources within the Marshall Service District. 6 pp. <link, "E&GG Marshall Hydro Study Ph 2-Aug 08.pdf" and "E&GG Marshall Hydro Study Well Locations.pdf" and "E&GG Marshall Hydro Study Zones.pdf">

EGGI, 2007

Preliminary hydrogeologic investigation (results of Phase I) groundwater exploration and development program: Marshall, Virginia. 10 pp. <link, "Phase 1 Hydro Investigation Results-Apr 07.pdf" and "Phase 1 Hydro Investigation Results-Plate.pdf">

EGGI, 2003a

Hydrogeologic investigation irrigation & potable water supply- Northern Fauquier County Sports Complex and Community Park. 15 pp. <link, "Hydro Study - Northern Sports Complex-Written Summary.pdf" and "Hydro Study – Northern Sports Complex – Figures.pdf" and "Hydro Study – Northern Sports Complex – Plate 1.pdf" and "Hydro Study – Northern Sports Complex Hydro Study – Northern Sports Complex – Tables.pdf" and "Hydro Study – Northern Sports Complex – Appendix A.pdf" and "Hydro Study – Northern Sports Complex – Appendix B.pdf" and "Hydro Study – Northern Sports Complex – Appendix C.pdf">

EGGI, 2003b

Results of Phases I & II groundwater investigation- Northern Fauquier County Sports Complex and Community Park, Fauquier County, Virginia. Prepared for Fauquier County Government and Public Schools, 12 pp. [hard copy available upon request]

- **The Midland Service District Area**

EGGI, 2016

2015 water quality testing for the drip drainfield monitoring network, Warrenton-Fauquier Airport, Warrenton, Virginia. 41 pp. <link, "Airport_WQTesting_EGGI_2015">

EGGI, 2012

2011 water quality testing for the drip drainfield monitoring network, Warrenton-Fauquier Airport, Warrenton, Virginia. 42 pp. <link, "Airport_WQTesting_EGGI_2011">

EGGI, 2011

Installation and water quality testing of monitoring wells FCA-1S, FCA-1D, and FCA-2 Warrenton-Fauquier Airport. 68 pp. <link, Airport_WQTesting_EGGI_2010">

Golder Associates, 2003

Groundwater resource investigation Hinegardner property . 16 pp. [hard copy available upon request]

- **The New Baltimore Service District Area**

Apex Companies LLC and RETAW Engineering LLC, 2014

Electrical resistivity (ER) imaging survey report- Rogues Road, Fauquier County, VA. Prepared for Fauquier County Water and Sanitation Authority, 14 pp. <link, "Apex_ER_Rogues_2014.pdf">

Culpeper Engineering, P.C., 2003

The Reserve at Glanaman water supply facilities. Prepared for Airlie Estates, LLC, 5 pp. [hard copy available upon request]

EGGI, 2009

Yield and quality testing of proposed production well NWB-K1- New Baltimore Service District groundwater development zone NWB-K Fauquier County Water and Sanitation Authority. 14 pp. <link, "Yield & Quality Testing Well NWB-K1-Dec 09.pdf">

EGGI, 2008

Continuation of groundwater investigation in New Baltimore Service District: results of Task B (conducting geophysical surveys within selected groundwater development zones- selection of exploration test well targets). 7 pp. <link, "NBSD Continuation of Groundwater Investigation-Feb 08.pdf">

EGGI, 2007

2006-2007 Continuation of groundwater investigation in New Baltimore Service District: results of Task A (reassessment and update on the status of previously selected groundwater development zones). 6 pp. <link, "NBSD Continuation of Groundwater Investigation-Mar 07.pdf">

Golder Associates, 2005

Hydrogeologic report production wells No. 1 & No. 2 Nicholson property. 35 pp. <link, Hydro Report-Nicholson Property-Jan 05.pdf">

Golder Associates, 2004

Groundwater resource investigation Nicholson property, Fauquier County, Virginia. Prepared for Greenwich LLC, 24 pp. [hard copy available upon request]

EGGI, 2003

Hydrogeologic investigation community water supply development, The Reserve at Glanamman (formerly known as Airlie Estates Subdivision). 7 pp. [hard copy available upon request]

EGGI, 2002a

Groundwater supply development program final hydrogeologic report yield and quality testing of four community supply wells NWB-G2, NWB-G3, NWB-H1 and NWB-H3 groundwater development zone G/H, vol. II appendices. <link, "Final Hydro Report Zones G & H Vol 2 - Feb 02.pdf">

EGGI, 2002b

Groundwater supply development program final hydrogeologic report yield and quality testing of four community supply wells NWB-G2, NWB-G3, NWB-H1 and NWB-H3 groundwater development zone G/H, vol. I. 19 pp. <link, "Final Hydro Report Zones G & H Vol 1 - Feb 02.pdf">

EGGI, 2002c

Groundwater supply development program final hydrogeologic report yield & quality testing of two exploration wells NWB-F2 and NWB-F3 in groundwater development zone F, New Baltimore. 15 pp. <link, "Final Hydro Report NWB-F2 NWB - F3-Jun 02.pdf">

EGGI, 2002d

Groundwater investigation community water supply, Airlie Estates subdivision. 11 pp. [hard copy available upon request]

EGGI, 2001

Hydrogeologic investigation summary report groundwater development zones A, B, C and F, New Baltimore study area. 5 pp. <link, "Hydro Summary Report Zones A B C & F - Feb 01.pdf">

EGGI, 2000

Hydrogeologic investigation results of tasks A, B, and C groundwater development zone G/H, New Baltimore study area. 2 pp. <link, "Hydro Report Zones G & H - Dec 00.pdf" and "1995-NBRWS - Pump Test Results - Wells E1 E6 E7-Plate 1.pdf">

EGGI, 1995a

Groundwater resource investigation New Baltimore Service District- results of pumping tests on wells E-1, E-6, E-7 and M-6a, vol. II- appendices A-G. <link, "1995-NBRWS - Pump Test Results - Wells E1 E6 E7 M6a-V II.pdf">

EGGI, 1995b

Groundwater resource investigation New Baltimore Service District- results of pumping tests on wells E-1, E-6, E-7 and M-6a, vol. I. 36 pp. <link, "1995-NBRWS - Pump Test Results - Wells E1 E6 E7 M6a-V I.pdf">

EGGI, 1992

Draft- Groundwater Resource Investigation: New Baltimore Service District, New Baltimore, Virginia. 131 pp. [hard copy available upon request]

- **The Opal Service District Area**

EGGI, 2005

Groundwater supply development program final hydrogeologic report- yield and quality testing of two proposed community supply wells OPA-1c and OPA-4f, Opal groundwater investigation. 17 pp. <link, "Opal Final Hydro Wells OPA-1c and OPA-4f - May 05.pdf">

EGGI, 2000

Groundwater resource study results of phase II Opal study area. 20 pp. <link, "Opal Phase II GRI Report-Mar 00.pdf">

EGGI, 1999

Phase I hydrogeologic investigation conducted on the Opal study area. 2 pp. <link, "Opal Phase I GRI report-Sep 99.pdf">

- **The Town of Remington and Remington Service District Area**

EGGI, 2009

Preliminary hydrogeologic investigation (results of Phase I) assessment of the potential availability of groundwater resources within the Remington Service District study area. 11 pp. <link, "Remington Ph 1 Prelim Hydro Investigation-Dec 09.pdf" and "Ph 1 Relim Hydro-Plate 1.pdf">

EGGI, 2002

Hydrogeological investigation community water supply development- Lee's Glen Subdivision, Town of Remington, Virginia. 8 pp. [hard copy available upon request]

Gannett Fleming, Inc., 1999

Hydrogeologic testing proposal - Remington electricity generation facility. 7 pp. [hard copy available upon request]

- **The Town of The Plains Area**

EGGI, 2009

Yield and quality testing of proposed production well TPL-1A, The Plains Service District. 12 pp. <link, "Ph6 Final Hydro Report & Recommended Ops Plan-Mar 09.pdf">

EGGI, 2008

Results of exploratory test well drilling The Plains study area. 2 pp. <link, "Ph 3 Results of Exploratory Test Well Drilling-Sep 08.pdf">

EGGI, 2007

Phase II hydrogeologic investigation The Plains study area. 2 pp.

<link, "Ph2 Hydro Investigation-Sep 07.pdf" plus "Ph 2 Hydro Investigation-Plates-Nov 06.pdf">

EGGI, 2006

Phase I hydrogeologic investigation The Plain study area. 3 pp.

<link, "Ph 1 Hydro Investigation-Nov 06.pdf" and "Ph 1 Hydro Investigation-Plate-Nov 06.pdf">

- **The Turnbull Area**

EGGI, 1992

Groundwater investigations conducted in Turnbull, Virginia. 4 pp. <link, "EGG Hydro Investigation-Feb 92.pdf">

- **The Vint Hill Area**

EGGI, 2005

Groundwater supply development program final hydrogeologic report, yield and quality testing of five proposed community supply wells- VNT-1A, VNT-1C, VNT-1D, VNT-3B, and VNT-3D, Vint Hill, vol. II, appendices. <link, "Vol II Final Hydro Report Wells VNT-1A1C1D-Feb05.pdf">

EGGI, 2005

Groundwater supply development program final hydrogeologic report, yield and quality testing of five proposed community supply wells- VNT-1A, VNT-1C, VNT-1D, VNT-3B, and VNT-3D, Vint Hill, vol. I. 35 pp. <link, "Vol I Final Hydro Report Wells VNT-1A1C1D-Feb05.pdf" and Vint Hill Plate 1.pdf" and "Vint Hill Plate 2.pdf">

- **The Warrenton Service District Area**

Analytical Services, Inc., 2010

Hydrologic testing proposal on Alwington Farm property. 10 pp. [hard copy available upon request]

EGGI, 2016

Final hydrogeologic report groundwater supply development program, yield and quality testing of three proposed groundwater supply wells – STA-1, STA-4 and STA-8, Stafford Farm property. 157 pp. <link, "STA Final HydroGeo Report-Apr16.pdf">

EGGI, 2014

Groundwater exploration and development program, results of phase I and phase II investigations, Stafford Farm property. 175 pp. <link, "STA Phase I-II Report-May14.pdf">

EGGI, 2009

Preliminary hydrogeologic investigation results of Phase I, assessment of the potential availability of groundwater resources Warrenton Service District study area. 12 pp. <link, "Ph 1 Hydro Investigation-Jun 09.pdf" and "Ph1 Hydro Investigation Plate 1-Jun 09.pdf" and "Ph1 Hydro Investigation Plate 2-Jun 09.pdf">

EGGI, 2007

Preliminary hydrogeologic investigation, Arrington Knolls, Fauquier County, Virginia. Prepared for Fauquier County Dept. of Community Development and Fauquier County Water and Sanitation Authority, 73 pp. <link, "Arrington Knolls Prelim Hydro Study-May 07.pdf" and "Arrington Knolls Prelim Hydro study Plate1-May07.pdf">

True North Environmental, LLC, 2003

Water supply study of Sycamore Springs subdivision, Route 29 Warrenton, Virginia. Prepared for Michael Stumpo, 7 pp. [hard copy available upon request]
