

Plastics Bottles & Jars #1 and #2

Collected commingled w/aluminum & steel cans

Accepted at the following sites:

- Catlett
- Corral Farm
- Markham
- Marshall
- Morrisville
- New Baltimore
- Remington

How to Prepare for Recycling:

Plastics #1 (PETE) and #2 (HDPE) are identified on the bottom of the container

Rinse out (clean)

Please crush bottles, if possible before replacing the lid to allow excess air to escape or discard lid before recycling

Examples of accepted plastics:

#1 & #2 Plastic water, soda and energy drink bottles

#1 & #2 Plastic milk jugs

#2 Plastic laundry detergent type bottles

#1 & #2 Plastic food jars

Why Recycle?

Plastics are recycled into material to build bridges, decks, park benches, and playground equipment, and fiber for clothing and carpet, saving millions of barrels of petroleum for other uses.
