

VBMP Orthophotography Pricing

VGIN is required (by Item 424B of the Appropriations Act) to establish a payment schedule for VBMP products. This payment schedule is for VBMP Orthophotography and Digital Terrain Model (DTM) and is effective March 1, 2014. Data is available for all acquisition years (2002, 2006/07, 2009, 2011 and 2013). The data can be provided as follows at the indicated rate:

1. Statewide coverage or single acquisition year: \$300 (MrSID or GeoTIFF format)
2. Single jurisdiction or portion of a jurisdiction: \$90 (MrSID or GeoTIFF format)
3. Custom orders: price quotations provided ahead of time

DTM (MicroStation dgn format) may be included upon request.

Customers must provide their own media which must be suitable and appropriately sized for their order. Additional processing time at \$60/hour may be accrued if media is not suitable or functioning properly.

Important Notes

1. The most recently acquired VBMP orthophotography (currently 2013) may not be redistributed except by VGIN or a locality.
2. All other geospatial data, including data derived from the VBMP orthophotography (contours, planimetrics, etc.), will be provided in accordance with the Freedom of Information Act (§2.2-3700 et seq.) at the cost to reproduce.
3. In accordance with §54.1-402 of the *Code of Virginia*, the following disclaimer applies to this data:

“Any determination of topography or contours, or any depiction of physical improvements, property lines or boundaries is for general information only and shall not be used for the design, modification, or construction of improvements to real property or for flood plain determination”
