FY 2016					
Sheriff's Office	FY 2015 Carryover Reallocation	\$26,186	Sheriff's Office – Capital	Sheriff's Office – Technology	The Sheriff's Office has requested a reallocation of surplus funds carried over from FY 2015 for vehicle outfitting to implement two, new software programs. The Sheriff's Office request is outlined on the following page.
Social Services	Adoption Subsidy awards	\$200,000	State Revenue	Social Services	Appropriates \$100,000 in state funding for Adoption subsidy programs to reflect actual FY 2016 awards.

Finance Committee Budget Action Report

May 23, 2016

Sheriff's Office Request to Re-Allocate Funds for the Purchase of Police 2 Citizen (P2C) and Public Connect Software.

Sheriff's Office Submission:

When Sheriff Mosier first took office and recognized the need to have more patrol ready vehicles in the fleet we petitioned the Board of Supervisors to have the left over vehicle outfitting funding from FY'15 be rolled over to FY'16. That funding was to be utilized to purchase mobile radios, light bars, cages, push bumpers, consoles, etc. to enhance the vehicle fleet.

Our original requested funding in the amount of \$168,463 was granted by the Board of Supervisors and then appropriated to our operating budget. At the time of the quote for this initiative, the radios, to include the radio, the control head, the harness and installation, were \$7,550 per unit. When we actually finalized the purchase of the 15 radios, we were given a price of \$5,438 per radio, thus creating a surplus of \$31,677.

We are now requesting to be able to transfer that savings to our computer software expenditure line to purchase two new modules within our operating system, one of which is called Police 2 Citizen (P2C), the other is called Public Connect. Both of these user friendly software items allow the community to connect with the Sheriff's Office on a multitude of levels.

P2C allows citizens to generate certain types of incident reports online, (non-emergency related items), at their discretion, search accident reports, view daily updates, view missing persons, view department calendars, download and print certain reports and perform simple searches.

The other piece of software, Public Connect, is an interface provides the community a real time, instant, comprehensive view of the Sheriff's Office efforts to keep the community safe via a cloud based service. The data is exported automatically from CAD and RMS into an easily deciphered graphic, which can then be used by citizens, other government agencies, and command staff.

The two software items normally cost \$53,401 and as valued customers of Sungard they are offering us a discounted price \$26,186 for both software modules, installation and training, that represents a 51% savings. The annual recurring maintenance fee for P2C is \$1,920 and the annual subscription fee for Public Connect is \$9,765, which is only paid if you decide to continue with that particular service.

OMB Notes: The IT Department has given general approval of both software items, and does not see the need for an additional server. In addition, the Sheriff's Office has committed to absorbing the cost of annual maintenance for the P2C software. The Public Connect software will be utilized for one trial year, at which time the Sheriff's Office will determine if they will continue use and the need for ongoing funding.
