

2024

Team of the Month

August

Congratulations to the Fauquier County Video Ratings team for being named a Team of the Month for August 2024.

The team includes staff from various departments:

Doug Parson	Economic Development
Laura Torpy	Economic Development
Cristin Wise	Community Development
Annie Ross	Office of Management and Budget

This team worked together under a short timeline to complete a video on who, where, and what is Fauquier County. The brainstorming, developing, writing, and creating of this project was true example of what a cross department team can achieve when working together. The video captured the unique characteristics, strength, and potential of our County.

Thank you for your efforts and the example of teamwork that you have set for your fellow employees.
