

2024

Team of the Month

May

Congratulations to the Parks and Recreation Crockett Park Dock Rebuilding team. They are being recognized for their commitment and dedication to Fauquier County.

In January 2024, the boat dock and adjacent deck structures at the Germantown lake at Crockett park was severely damages during a brutal weather event. The dock rebuilding team went to work to repair and upgrade the structure to have it open in time for summertime fun for the citizens of Fauquier County. Along with that project, the team installed 20 new storybook stands for the Fauquier County Public Library.

This level of commitment demonstrates how this team went above and beyond to deliver outstanding results, even under challenging circumstances. We are thankful for the example set for their fellow employees.
