

2024

Team of the Month

March

Congratulations to the team being recognized as the March 2024 Fauquier County Team of the Month. The team deserves a Thank you for their performance and role in the 10-month project to relocate to 16 Courthouse Square. Whether the role was floor plan design, installation of network and fire systems, renovation, relocation planning, and/or moving furniture and equipment – each member of the Team made a difference and made sure that four departments are now secure and ready to work in their new location. This team recognition is not small. A project like this is not something we do often in Fauquier County. The teamwork and the 16 Courthouse Square relocation project is something of which to be proud.
