

2024

Employee of the  
Month

March

Congratulations to Holly Burriss on being recognized as the Fauquier County Government's Employee of the Month for March 2024. She is being recognized for her support and dedication.

She is recognized for her support of two county departments: Department of Fire and Rescue and the Department of Social Services for improving the access and reporting for committee meetings on the public website. Fauquier County is very thankful that she answered the call to duty when she was asked to support the efforts of these two county departments. She quickly identified what steps needed to be done and how to bring the committee reporting into compliance. Her attention to detail and oversight of this effort created conformity and consistency with public postings and documenting meeting minutes. Her work is outstanding.

The recognition of Holly's contribution is well-deserved. Thank you for using your skills and expertise in this project.
