

Construction Materials (Residential)

Accepted at the following site:

Corral Farm

How to Prepare for Recycling:

The following items, as examples are accepted in the construction materials container:

Metal

Drywall

Vinyl Siding

White Wood

Concrete/Brick/Block

Toilets

Small metal objects such as nails, screws, nuts and bolts, keys, locks, and other small metal items are recycled separately.

Corrugated Cardboard

Why Recycle?

Construction waste is sorted and reused at the landfill or processed and sold to buyers to be reused or made into new products.
